OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 29 September 1964

1. (Unclassified - GLC) Richard Murphy, Legislative Assistant to Senator Hugh Scott, called regarding several FBIS items which we had sent to the Senator within the past few months. Murphy said they had been unable to locate these items which were of definite interest to them and asked if we had any way of relocate them and forwarding them to him. FBIS has located copies of these items and they will be forwarded to Mr. Murphy.

2. (Unclassified - GLC) Robert McManus, Senate Internal Security Subcommittee staff, called and asked if we could obtain for him a copy of an article by Robert F. Williams which appeared in the French magazine REVOLUCION entitled "USA: Revolution Without Violence."

3. (Unclassified - GLC) Jay Sourwine, Senate Internal Security Subcommittee staff, called to say they were going to press today with the publication of the testimony of Tung Chi'Ping. Sourwine said the Subcommittee would have as many as one thousand copies available for us if we desired.

4. (Unclassified - GLC) [] OSI, called to advise that Mr. Rosen, Joint Committee on Atomic Energy staff, had called. Referring to Secretary Rusk's statement concerning the possibility of a Chinese Communist nuclear test, Rosen wondered whether this did not provide sufficient basis for further briefing of the Committee staff. [] indicated to Rosen that he felt there was nothing ~~new~~ in this area since the last briefing of the Committee staff and, therefore, did not encourage further briefing at this time. [] indicated to me that it would be difficult to adequately brief the Committee without getting into special classification areas and wished to alert us to this call. [] is preparing a memorandum on this.
